U-TURN ON BUS CHANGES

No one in Radbrook can doubt the strength of local feeling in support of keeping the Route 20. We've just heard very welcome news that the timetabled **SERVICE WILL NOW CONTINUE** until at least March 2025. We are grateful for the support received from residents and community leaders in helping to achieve this, and we are still determined that Radbrook should have the same quality of public transport enjoyed by the rest of Shrewsbury.

JOIN US AT A PUBLIC MEETING at the Community Centre on Friday 13th of October at 7pm and help us secure our regular bus services for the long term – please put the date in your diary!

ROAD SAFETY WEEK

Monday 25th of September is the start of our local Road Safety Week, led by Priory School and aimed at all of us who live in or visit Radbrook. **ROAD SAFETY IMPROVEMENTS** are planned for next year, as we heard at July's public meeting, and we'll keep you posted on those plans.

Meanwhile there are things we can all do to keep our community safer. Make sure you know the recent **CHANGES TO THE HIGHWAY CODE**. Could you make some of your short journeys by bike?

To help you get started we've arranged for Dr Bike to be outside Radbrook Community Centre on Monday 25 September from 3.15 pm -5.15 pm. Bring your bike along for a free health check, plus tips on how to look after it and how to choose a route.

CHRIS LEMON TALKS TO LOCAL RESIDENTS AT BANK FARM ROAD

Residents of Six Acres and Riders Lea met Chris at the junction with Bank Farm Road. With term about to start, we share their acute **CONCERNS ABOUT THE SAFETY** of all road and pathway users at this location, and the need to cut back the vegetation. We are doing all we can to make it safer before there are more accidents here.

HOSPITAL BUILDING PLANS

A planning application has gone in for a new building at RSH, as part of the **HOSPITAL TRANSFORMATION PROGRAMME**, previously known as Future Fit.

Many people employed at the RSH are excited at the prospect of new, modern facilities being provided at their place of work. Many of them live here in Radbrook and are within easy cycling and walking distance of the hospital. We agree with experts that the plans need to make it much easier to walk, cycle or get a bus, for outpatients and visitors as well as staff. We will continue to press for a better travel plan. **CLICK ON THE QR CODE TO LEARN MORE.**
