GREEN VIEW - RADBROOK

JULIA EVANS, COMMUNITY CAMPAIGNER

© Shropshire Star

WHAT MATTERS IN RADBROOK?

Recently Julia and her team handed out a community survey to local people to find out what issues matter to you most. You told us that the top three priorities for local people in Radbrook are:

1. Keeping the local A&E
2. Ensuring access to local parks and green spaces
3. Protecting the environment

82% of people surveyed were "very concerned" about these issues.

You said that the best thing about living in Radbrook was the access to local green spaces.

Julia helping with a community litter pick in Shrewsbury

SHROPSHIRE NHS IN DANGER

The public consultation on 'Future Fit' has started. The two options given are to close either Telford or Shrewsbury A&E.

Evidence from elsewhere shows that when one A&E closes the surviving A&E is overwhelmed with extra patients.

Julia campaigning to save Shropshire's NHS

Both options are dangerous, increasing travel times and leading to longer queues and worse patient outcomes. We are told that more patients will be treated in the community instead of A&E, but there is no extra money for this.

Both Future Fit options include cuts in the number of nurses, therapists and other staff. Both options will increase pressure on the Ambulance Service.

None of the money in the plan is for services. It's for new buildings. We need more money for services, not a cuts and closures plan designed as an 'investment'!

You are invited to an open meeting organised by Julia on 8th July in Radbrook Community Centre - details overleaf.

JULIA'S PLEDGES FOR RADBROOK:

WORK HARD ALL YEAR

To work hard for Radbrook all year round, not just at election time

LISTEN TO YOU

To ask you about your concerns and ideas...and to genuinely listen to what you say

PROTECT GREEN SPACE

To campaign for improved access to green space, and organise community litter picks

CAMPAIGN TO SAVE OUR LOCAL NHS SERVICES

I will remain an active member of Shropshire Defend Our NHS and keep you informed about what is happening
